REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: the claims as supported by the specification differs from the prior art in that it does not teach a laser machining apparatus which specifically has a controller having a timing data generating unit to generate timing data defining time to deliver a laser output control signal to the laser oscillator *in terms of a time period from a start of an interpolation period* in which the laser output control is to be delivered or *in terms of a ratio of dividing the interpolation period*.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
